### ***Reviews***

*Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Abigail Beck, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Humankind's search for meaning has driven individuals since the dawn of consciousness. Science's greatest minds use technology and mathematical patterns to understand both the fundamental building blocks of reality as well as the cosmos that formed them. The continued evolution of human intelligence and understanding is dependent upon the survival of the species. But what if humankind's collective future were decided by a small number of men with the power to disrupt the ecological balance of the planet in the name of corporate profit? This is the world of Sarah Addison, a CIA analyst with a troubled past, on a personal quest for sustainability. Her investigation into the sustainability of conventional agricultural practices lands her in the crosshairs of the world's largest agribusinesses. The information she is about to uncover could crumble the foundations of current agricultural practices, while leading to the key to a sustainable future on earth. However, the corporation she is about to expose in the process will do anything to stop her.
