

Who Needs a Swamp? (Hardback)

By Karen Patkau

Tundra Books, Canada, 2012. Hardback. Book Condition: New. New.. 262 x 208 mm. Language: English . Brand New Book. Tundra introduces the first three books in its important new ecosystems series. Each title celebrates the world's diversity by presenting a different ecosystem: its land and water, its animals and plants. The art is brimming with creatures and ecological features, described in fact-filled notes at the end of each book and in a useful glossary and map. Swamps are often seen as a dangerous and useless. They are often drained to create farmland or to reduce diseases. But such measures can be disastrous. Who Needs a Swamp? explores wetlands and their importance in the food chain and in preserving our soil and clean water. Not only is each book informative and beautiful, but it is a call to action for everybody who cares about the world in which we live.

Reviews

The publication is easy to read through and is comprehensible. It is actually loaded with wisdom and knowledge. It's been printed in an extremely simple way and is particularly simple right after I finished reading through this pdf where it actually modified me, affect the way I believe.

-- Ms. Clementina Cole V

This is the very best publication I have read until now. It is definitely simplified but shocking within the fifty percent of the pdf. You may like how the article writer create this pdf.
