This book may be worth purchasing. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

ENEMIES OF PROMISE: PUBLISHING, PERISHING, AND THE ECLIPSE OF SCHOLARSHIP

The University of Chicago Press. Paperback. Book Condition: new. BRAND NEW, Enemies of Promise: Publishing, Perishing, and the Eclipse of Scholarship, Lindsay Waters, Why should books drive the academic hierarchy? This controversial question posed by Lindsay Waters ignited fierce debate in the academy and its presses, as he warned that the "publish or perish" dictum was breaking down the academic system in the United States. Waters hones his argument in this pamphlet with a new set of questions that challenges the previously unassailable link between publishing and tenure. As one of the most important and innovative editors in the humanities and social sciences, Waters has witnessed the self-destruction occurring in the academic world because of the pressure to publish. Drawing upon his years of experience, he reveals how this principle is destroying the quality of educational institutions and the ideals of higher learning. It is time for scholars to rise up, Waters argues, and reclaim the governance of their institutions.
